

## Hill AFB Child Care Options Guide

### On Base Care:

To receive care on Hill AFB you will need to set up a user profile with [militarychildcare.com](http://militarychildcare.com). [MilitaryChildCare.com](http://MilitaryChildCare.com) (MCC) is a DoD website for eligible Military and DoD families seeking childcare. This website allows you to apply to the Child Development Centers (CDCs), Family Child Care (FCC) homes, and School Age Care (SAC) programs on Hill AFB. As a parent you will need to be responsible for keeping your needs and profile up to date.

- **Child Development Center (CDC):** Provides care for children ages birth -5 years, who are not yet attending kindergarten. There are two centers on CDC East 801-777-6321 and CDC West 801-777-6223.
- **Youth Programs:** Provides care for School Age Children. School Aged Program providing before and after school care and recreation opportunities including Open Rec for children over the age of and a variety of seasonal sports leagues. 801-777-2419
- **Family Child Care (FCC):** FCC licensed/affiliated providers are made up of providers that operate independent businesses both on and around Hill AFB. Hourly and part-time care is available by contacting the providers directly. Rates will vary. Anyone living on base that watches children for more than 10 hours per week from their home is required to be an FCC licensed/affiliated provider. We recommend that you DO NOT set up recurring or fulltime care with anyone living on base that is not an FCC licensed/affiliated provider as you risk your care being cut off and the caregiver can lose his/her base housing privileges. 801-777-0695.

**Subsidy:** Families utilizing care on base may qualify for AF Subsidy which centralizes fees across all childcare programs within the AF. For more information, please contact the Child & Youth Program Flight Chief at 801-777-3599.

**Hill AFB Babysitters Group 2.0 UPDATED AND SECURED** is a closed Facebook page that you request to join. Parents post for a date night or for a last-minute appointment and people offer to care for their kids, and care may be in their home or your home. Remember if you are trying to book someone living on base for recurring or fulltime care, they will need to be an FCC licensed/affiliated provider through the base.

Sitter City: <http://www.sittercity.com/> & Care.com: <http://www.care.com/> both offer a database of babysitters and nannies as well as housekeepers, tutors, dog watchers, etc. There are many filters to refine your search such as zip code, type of care desired, special needs and more.
