Student Focused ... Partnership Driven

Readiness, Retention, Recruitment and Resilience – our mission focus

School Liaisons serve as essential mission enablers. By championing the academic and social welfare of military children, they contribute to reducing family stress, enhancing quality of life, and directly supporting military readiness. This role is especially crucial for Guard and Reserve families, who frequently reside away from military installations. In such cases, local installation school liaisons and the Department of the Air Force (DAF) School Liaison Division play a pivotal role in bridging the gap between civilian educational institutions and the unique needs of military families.

SUPPORT

Driving Sustainable Change in the Communities We Serve

COMMANDERS

- Act as SME for PreK-12 education matters impacting mission readiness
- Provide commanders with data and insights on local schools, challenges and opportunities
- Support command teams in addressing concerns that affect retention, readiness and resilience

COMMUNITIES

- Build partnerships to strengthen support networks for military families
- Facilitate collaboration between installations, civic leaders and education stakeholders
- Advocate for military-connected students in state-level education discussions and policy development

SCHOOLS

- Connector between families and schools to address issues
- Educate school personnel about the unique needs of military-connected students
- Promote awareness of the MIC3

FAMILIES

- Connection to local, state and national resources
- Integration into local schools and community
- Workshops on topics that impact military families
- Advocacy for Guard and Reserve specific academic barriers
- Navigation of state and local education policy
